Policy and Compliance  
(ODAPC)

How will regulatory changes, technical advances in workplace drug testing and current legal issues affect your MRO practice? Find out at the American Association of Medical Review Officers' MRO Drug Testing Program. Training includes Oral Fluid, Hair, Sweat, Alcohol Testing and Interpretation of Opiates.

**Annual Symposium Comprehensive MRO**

**Training** brings together the leading experts in workplace drug testing to provide a clear analysis of technical issues and business challenges. It is a unique opportunity for professionals to obtain relevant information on the scientific, legal, and policy aspects of drug testing. Attendees will receive valuable insight and sound, practical details for developing and maintaining successful drug testing programs. This program also offers the credentialing to prepare and certify physicians as Medical Review Officers for regulated and non-regulated workplace drug testing programs.

**Major Topics:**

- DOT Regulatory Update—Presented by Patrice Kelly, Acting Director ODAPC
- HHS Update—Electronic Custody and Control Form
- Interpretation of Opiate Results

**Plus:**

- Medical Marijuana in Safety Sensitive Environments
- Understanding How to Manage Safety Issues
- Oral Fluid Results and Hair Testing
